Subject: July 2016 SO2 nonattainment designations - Air Public Notices Missouri Air Conservation Commission - August 27, 2015 Public Hearing

Hi Folks,

The designation work for July 2016 has begun. MO wants to have a discussion with us on their proposal, so I'm checking with y'all to see the amount of time you need to review their submission.

The base document without appendixes is 44 pages, and, it appears to address all three power facilities and the violating monitor in Iron County.

MO is recommending attainment for the areas around Sikeston and Sibley power stations – Andy, what is your schedule to review their modeling for these two facilities?

MO then proposes two recommendation options for Labadie (nonattainment based on modeling and unclassifiable based on monitoring). (b) (5)

The Iron county recommendation starts off with the assumption that the monitor will be in compliance come the end of 2015, but just in case MO takes comment from the public on designating a portion of Iron County surrounding Doe Run's Buick Recycling Plant as nonattainment. (b) (5)

Please let me know this week what your review schedule is and I'll set up a discussion with MO accordingly.

Thx

Whoops, Jonathan/Andy, meant to copy you as well. I forwarded this notice to Larry/managers that the proposed boundaries for the 2016 SO2 CD sources are now on the web and open for public comment through COB September 3rd

**MISSOURI AIR CONSERVATION COMMISSION
WILL HOLD PUBLIC HEARING**

JEFFERSON CITY, MO -- The Missouri Air Conservation Commission will hold a public hearing on Thursday, August 27, 2015 beginning at 9 a.m. at the Elm Street Conference Center, 1730 East Elm Street, Lower Level, Bennett Springs Conference Room, Jefferson City, Missouri. The commission will hear testimony related to the following proposed action(s):

- * Missouri State Implementation Plan Revision – Infrastructure Elements for the 2012 Annual PM_{2.5} Standard

This plan addresses infrastructure elements for the 2012 Annual Fine Particulate Matter (PM_{2.5}) National Ambient Air Quality Standard (NAAQS), as required by Clean Air Act Section 110. The plan provides for the implementation, maintenance, and enforcement of this standard for all areas of the state. Missouri is demonstrating it has adequate resources and authority to implement the 2012 Annual PM_{2.5} NAAQS through state laws and regulations. This plan is administrative in nature and does not establish any new requirements.

- * Proposed Options for Area Boundary Recommendations for the 2010 1-Hour Sulfur Dioxide Standard: July 2016 Designations

The purpose of this draft document is to solicit public comment on possible recommendations for area designations (e.g., attainment, nonattainment, unclassifiable) for the 2010 1-hour SO₂ standard. This document addresses four parts of the State of Missouri: the areas surrounding the Sikeston Power Station, Sibley Generating Station, Ameren Labadie Energy Center and the SO₂ monitor located in Iron County, Missouri. The proposed options are based on technical evaluations of these areas using air quality modeling and monitoring data. The U.S. Environmental Protection Agency (EPA) identified these four areas as meeting the criteria specified in the March 2, 2015 Federal Consent Decree for the next round of SO₂ designations. The Air Program intends to submit recommendations to the EPA in September 2015, and EPA will make a final decision on designations for these areas by July 2, 2016. This action will not be submitted for inclusion in the Missouri State Implementation Plan.

If the Commission adopts the action(s), it will be the Department's intention to submit the action(s) to the U.S. Environmental Protection Agency to be included in Missouri's State Implementation Plan unless otherwise noted above.

Documents for the above item(s) will be available for review at the Missouri Department of Natural Resources, Air Pollution Control Program, 1659 Elm Street, Jefferson City, (573) 751-4817 and in the Public Notices section of the program web site <http://dnr.mo.gov/env/apcp/public-notice.htm>. This information will be available at least 30 days prior to the public hearing date.

The Department will accept written or email comments for the record until 5 p.m. on September 3, 2015. Please send written comments to Chief, Air Quality Planning Section, Air Pollution Control Program, P.O.

Box 176, Jefferson City, MO 65102-0176. Email comments may be submitted via the program web site noted above. All written and email comments and public hearing testimony will be equally considered.

Citizens wishing to speak at the public hearing should notify the secretary to the Missouri Air Conservation Commission, Missouri Department of Natural Resources, Air Pollution Control Program, P.O. Box 176, Jefferson City, Missouri 65102-0176, or telephone (573) 526-3420. The Department requests persons intending to give verbal presentations also provide a written copy of their testimony to the commission secretary at the time of the public hearing.

Persons with disabilities requiring special services or accommodations to attend the meeting can make arrangements by calling the Program directly at (573) 751-4817, the Division of Environmental Quality's toll free number at (800) 361-4827, or by writing two weeks in advance of the meeting to: Missouri Department of Natural Resources, Air Conservation Commission Secretary, P.O. Box 176, Jefferson City, MO 65102. Hearing impaired persons may contact the program through Relay Missouri, (800) 735-2966.
